

Document Type: Policy	Ref No: HRS/HPSD/HTDCS/2/2019	Version Number: 2
Document Title: Health Tourism Data Collection and Submission	Effective Date: 12/06/2019	Revision Date: 12/06/2024
Ownership: Health Tourism Department (HTD)		
Applicability: All DHA licensed Health Facilities		

1. Purpose:

- 1.1. To collect reliable and necessary data to report Key Performance Indicators (KPIs), which are part of Dubai Health Tourism Strategy as approved by The Executive Council (TEC).
- 1.2. To standardize the process for data collection and submission and assure its validity and reliability.
- 1.3. To ensure Health Tourism Statistical Reports are produced in a timely manner.
- 1.4. To ensure data driven decision making plays a key role toward the growth and sustainability of health tourism in the Emirate of Dubai.
- 1.5. To assure compliance with Circular No. (58) and (162) (**Appendicies 1 and 2**) related to data collection.

2. Scope:

- 2.1 All DHA licensed Health Facilities in the Emirate of Dubai.

3. Definitions/Abbreviations

Accidental/emergency health tourist: Individuals or people who reside in one country and travel to the Emirate of Dubai for leisure purpose and due to some unforeseen circumstances

tourists seek advice/treatment/therapy through face to face interaction with a DHA licensed

physician in a DHA Licensed Health Facility.

Country of Residence: Country where the individual/patient resides.

Data: The mandatory information on patients specified in Circulars No. (58) and (162) collected by health facilities and submitted for review and analysis.

Domestic Health Tourists : Individuals or people who reside in UAE and travel to the Emirate of Dubai to seek advice/wellness or medical treatment/therapy through face to face interaction with a DHA licensed physician.

OR

Individuals or people who reside in UAE and travel to the Emirate of Dubai to seek advice/wellness or medical treatment/therapy through e-health/tele-health platforms with a DHA licensed physician.

Note 1: Domestic Health Tourist includes accidental/emergency medical tourist. Domestic Health Tourist excludes UAE Nationals and individuals that have a UAE residency visa staying in the Emirate of Dubai.

Dubai Health Authority (DHA): A government entity that oversees Dubai's health sector; formed in 2007 under the directive of His Highness Sheikh Mohammed Bin Rashid Al-Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai.

Dubai Statistics Center (DSC): A government entity that represents the official source for Statistics at the level of the Emirate of Dubai, responsible for compiling, classifying, and analyzing statistical data and information; preparing and disseminating statistical indicators and reports; and regulating statistical work and Poll Studies, as per Article (5) of Law No (28) of 2015 Concerning

the Dubai Statistics Centre.

Emirati (UAE Nationals): Patient occupies a residency in the UAE, and is a national citizen of the UAE.

E-sources system: A component of the Smart Statistics Suite owned and managed by Dubai Statistics Centre. It is considered the main gate for data flow to the Centralized Statistical Repository from various reliable sources of statistical data.

Health Tourism Department (HTD): is a competent department within the Health Regulation Sector (HRS) that is responsible to develop, oversee the implement the Dubai Health Tourism Strategy and assure regulatory controls and governance arrangements are fit for purpose.

International Health Tourists: Individuals or people who reside in one country and travel to the Emirate of Dubai to seek advice/wellness or medical treatment/therapy through face to face interaction with a DHA licensed physician in a DHA Licensed Health Facility.

OR

Individuals or people who reside in one country and seek advice/wellness or medical treatment/therapy from the Emirate of Dubai through e-health/tele-health platforms with a DHA licensed physician in a DHA Licensed Health Facility.

Note 2: Health Tourist includes accidental/emergency medical tourist.

Health Tourists excludes UAE Nationals and people or individuals that have a UAE residency visa.

Nationality: As stated in the passport or identity card by the competent authority.

Proof of Identity: An official document that is used to verify a patient's identity and is limited to one of the following categories:

-UAE residents (Emirati & Expat): a passport, an Emirates ID or Driving license.

-GCC residents: a passport, a GCC ID.

-Other non- residents: a passport.

Resident: Expats staying in United Arab Emirates (UAE) having legal status with valid residency visa.

Revenue: Referred to the billed amount of health services.

Staying in: Determines which Emirate of the UAE the patient resides.

Submission Period: A period of time allocated by HTD for HFs to submit their data in the e-sources system. The submission period is 10 days after the end of the month.

CEO: Chief Executive Officer

DHA: Dubai Health Authority

DSC: Dubai Statistics Center

HF : Health Facility

HRS: Health Regulation Sector

HTD : Health Tourism Department

UAE: United Arab Emirates

4. Policy Statement:

4.1. All DHA licensed Health Facilities (HFs) will submit health tourism data through the e-sources system: <https://www.dsc.gov.ae/en-us/EServices/Pages/esource.aspx>

4.2. Only HFs under the following categories are eligible for data submission:

4.2.1. Hospitals.

4.2.2. Day Surgical Centers.

4.2.3. Outpatient care health facilities which include:

- a. Polyclinics
- b. General clinics
- c. Specialty clinics
- d. Dental clinics

4.2.4. Fertility centers.

4.2.5. Rehabilitation centers.

4.2.6. Diagnostic centers.

4.2.7. Special need centers.

4.2.8. Wellness centers.

4.2.9. Home healthcare agencies.

4.2.10. Traditional, complementary and alternative medicine.

4.2.11. Tele-health services.

4.3. All eligible HF shall collect and submit data regularly through the e-sources system at intervals specified by Health Tourism Department (HTD).

4.3.1 HF must nominate a responsible lead for collecting and submitting Health Tourism Data. Data must be cleansed and approved for submission by the department lead and the Chief Medical Officer.

4.3.2. Eligible HF shall collect mandatory information as specified in Circular No. (58) issued on 16/08/2015 and Circular No. (162) issued on 11/09/2018 by the Health Regulation Sector (**appendicies 1, 2 and 3**).

4.3.3. HTD shall conduct training for HF regarding data collection and submission.

4.4. The HTD is the responsible and competent department to analyze health tourism data received from the eligible HF in the Emirate of Dubai through the e-sources system:

<https://www.dsc.gov.ae/en-us/EServices/Pages/esource.aspx>

4.4.1. The data includes information related to the following:

- a. International Health Tourists
- b. Domestic Health Tourists

4.5. The HTD will be responsible to:

- a. Request for submission of Health Tourism Data by DHA HF.
- b. Issue correspondance and reminders to HF regarding Health Tourism Data submission.
- c. Extract data from the e-sources system, assure its validity and reliability, conduct analysis and benchmarking.

- d. Establish annual performance targets.
- e. Produce Health Tourism Statistical Reports.
 - (i) The Chief Executive Officer (CEO) of the Health Regulation Sector (HRS) is responsible to review and approve the final Statistical Report prepared and submitted by HTD.
- f. Issue feedback to HF and request for improvement plans.

Appendix 2 - Circular No. (162): Required Data Collection from Healthcare Facilities

تعميم خارجي رقم (162) External Circular

الموضوع: جمع بيانات من المنشآت الصحية الخاصة
Subject: Required Data Collection from Healthcare Facilities

In support of the Health tourism in Dubai, the need to collect accurate data and reports are of paramount importance. Kindly note that the Health Regulation Sector requires DHA Licensed healthcare facilities to submit the data as follows:

- Number of patients (inpatient, outpatient, emergency)
- Age
- Gender
- Country of permanent residence
- Emirate of residency (in UAE)
- Nationality
- Type of treatment provided
- medical spend in AED

انطلاقاً من دعم السياحة الصحية بإمارة دبي ويقصد جمع معلومات دقيقة، فإن قطاع التنظيم الصحي يستوجب المنشآت الصحية المرخصة من قبل هيئة الصحة بدبي تقديم تقارير إحصائية شهرية كالتالي:

- عدد المرضى مع تحديد إذا ما كان مريضاً داخلياً (ينطبق على المستشفيات فقط)، أو مراجعي العيادات الخارجية أو قدموا للطوارئ
- العمر
- الجنس
- بلد الإقامة
- الإمارة المقيم فيها المريض داخل دولة الإمارات
- الجنسية
- نوع العلاج المقدم
- الإنفاق الطبي (بالدرهم)

Data shall be submitted through templates (37 – 39) which are available in e-sources system, which is managed by Dubai Statistics Center.
<https://esource.dsc.gov.ae/>

يتم تسليم هذه البيانات الإحصائية عن طريق القوالب الإحصائية (37 – 39) المتوفرة في نظام المصادر الإلكتروني التابع لمركز دبي للإحصاء <https://esource.dsc.gov.ae/>
